

Remarks

Claim 18 has been amended to correct a typographical error. Claims 24 and 25 have been cancelled since they are drawn to nonstatutory subject matter.

Because all of the above-mentioned amendments are being proposed merely to remove informalities or to bring the application into conformance with U.S. practice, Applicants respectfully submit they do not encompass new matter. Applicants courteously request entry of the presently submitted amendments.

Respectfully submitted,

Alexander Wilson
